Objective

Dynamic and creative MERN Stack Full-Stack Web Developer with over 2 years of professional experience, including 2 years as a successful freelancer on Fiverr and 9 months at Limitless Capital Ltd. Seeking to leverage my expertise in developing modern, responsive web applications to contribute to challenging projects at Topal Freelancing Platform.

Professional Experience

Freelance Full-Stack Web Developer
Fiverr Level one seller | Remote
Jan 2022 - Present

- Developed over 10+ custom web applications for diverse clients, enhancing user experience and interface design.
- Successfully created a social media website featuring live chat, audio calls, live notifications, and subscription options, significantly enhancing user engagement.
- Collaborated closely with clients to translate their vision into functional websites, ensuring satisfaction and repeat business.

Junior Full-Stack Developer
Limitless Capital Ltd | [City, State]
May 2022 - Present

- Contributed to the development of a high-traffic investment platform, leading to a 25% user growth within six months.
- Spearheaded the migration of the company's website to a MERN-based architecture, resulting in a 50% improvement in load times.
- Actively participated in team meetings and provided innovative solutions, contributing to a 15% increase in team efficiency.

Education

Bachelor of Science in Computer Science
PMAS Arid Agriculture University Rawalpindi
Graduated: September 2023
